

Born and raised in Orlando Florida. Grew up with a love for all animals. Bought my first horse when i was just 15 years old and have been involved with quarter horses ever since! I started out as an avid trail rider and then got into showing and found a whole new outlet for my passion with horses.

I have been married to my husband Larry for 26 years and together we have 7 dogs, 30 chickens, 3 horses, 1 pony, 1 piggy, 2 mini cows, and 25 beef cattle.

I am a graduate of Florida Southern College with a degree in accounting. My masters degree is from Webster University and I am a licensed CPA for the state of Florida. I currently work fulltime for Siemens Corporation; a global company with offices in Orlando and around the world.

You may see me showing at our FQHA shows or sometimes scribing for the judges at Florida and Georgia shows. Scribing gives a new perspective on what you see in the show pen as well as what the judges are looking for as the participants in the classes display their horses talents. I look forward to our FQHA shows and invite you to come often and let the board members know of your suggestions and request to make our shows the best they can be!!
