

I have been involved in the Quarter Horse industry since the early 1970's.

My husband and I moved from Ohio to Florida in 1985. Besides being educators, we had a small breeding operation. Our focus was on breeding halter horses that were conformationally correct, allowing them to be successful in both halter and performance classes.

I have been a director of the Florida Quarter Horse Association since 2020, working primarily on the show committee.
